

Transform Your Recruiting Strategy: Hire Top Talent Faster & More Effectively

THE WIDEST ARRAY OF EASY TO ADOPT, FLEXIBLE TALENT ACQUISITION SOLUTIONS TO SOLVE THE PAINS AND OBJECTIVES OF ORGANIZATIONS EVERYWHERE

+ SilkRoad Applicant Tracking System

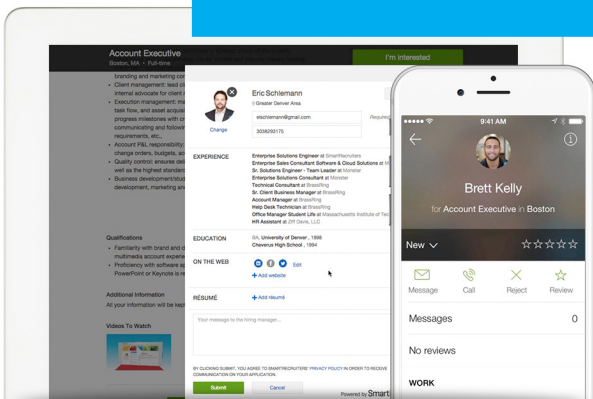

SilkRoad Applicant Tracking System (ATS) offers a variety of tools to streamline your recruiting processes from requisition to job offer, including “Hot Match” technology, one-click dashboards, and simple recruiting workflows, so you can screen and hire the most qualified applicants at much less cost and in much less time. This straightforward, easy to manage transactional system offers an easily customized career portal and the high-volume throughput to process applicants rapidly.

+ SilkRoad Recruiting by SmartRecruiters

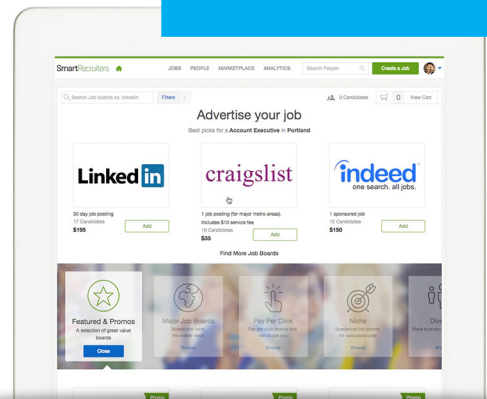

Transform recruiting into an insight-driven marketing process that empowers you and your hiring teams to target, nurture, and collaborate around top talent and to hire them faster and more effectively. It's perfect for organizations who want to tap all social channels and leverage the speed and flexibility of mobile technologies to create engaging experiences for candidates, hiring managers, and HR teams.

SilkRoad Recruiting by SmartRecruiters comes in both Team and Corporate Editions based on your strategies and requirements. Both provide lots of configuration options, including workflows, ability to tailor processes for different locations, brands or other criteria, and flexible integration options to link your recruiting to other strategic HR applications, such as SilkRoad Onboarding. Perfect for organizations who demand complete mobile experience for candidates, hiring managers and HR teams, or decentralized or diverse regional hiring in competitive industries.
